

DECADES OF TRANSFORMATIVE INFLUENCE
OUR JOURNEY SINCE 1976

COMPANY PROFILE

OVERVIEW

Established 1976

Privately owned Joint Venture between a Swiss and a Saudi family

Organizational Structure

Divisionalized: 7 divisions with over 550 employees from 25 different countries

Industries we serve

F & B, Logistics, Pharma, Health, Telecom, Power, Petrochem, Defence

Certifications

IKTVA, ISO 9001 / 13485 / 14001 / 45001, KKK (Ambulance Vehicles), Ford Pro

Saudi Made

Local expertise in cold chain management, transportation, refrigeration and customized solutions

Service Network

Extensive service network in Saudi Arabia and Bahrain

Locations

Riyadh (HQ incl. Engineering & Manufacturing), Jeddah, Dammam, Manama (BAH)

CORE COMPETENCIES

Engineering expertise; design & development of

- Customized Truck and Semi-Trailer bodies
- Vehicle conversions (Ambulances, last mile deliveries)
- Shelters & special bodies (EMP shelters, torsion free sub-frames, mobile power stations, rapid deployment vehicles, etc)
- Refrigeration systems (Freon, Ammonia, CO2) for process & storage requirements

Manufacturing expertise

- Sandwich Panel production technologies: open pouring, closed injection, laminated
- Metal works; Aluminum, stainless steel, ferrous metals & advanced high-strength steels
- Assembly and finishing of bodies with a variety degree of complexity

After sales support:

- Service network with mobile and stationary workshops
- Operation contracts, service, overhauling and repair of Refrigeration plants

ENGINEERING BACKBONE

Skilled & experience development team:

- Mechanical Engineering
- Structural Engineering
- Electrical Engineering
- Civil Engineering

Software for advanced analytics and simulations

- AutoCAD 2 – 2022D/3D
- Solid Works modelling & structural simulation
- Ansys & Staad Pro
- E – Plan

Leading design tools

- 3D printer for modelling and prototyping
- 3D portable laser scanner with real-time mesh visualization & optimisation
- Virtual reality solutions

ENGINEERING COMPETENCE

In-house testing & quality control: state-of-the-art testing equipments

Engineering and production experience:

- Shelters, mobile special bodies and vehicle conversions including
 - Mechanical structure (for body structure, masts, generators, etc.)
 - Electrical build-out (Main distribution Boards, Fire Alarms, wiring, Emergency light, etc)
 - Power & AC (Switch Gear, Generators, tanks, AC systems, conduits)
 - Interior fit out
- Transport refrigeration/dry solution for perishable goods incl. Semi-trailers
- Stationary refrigeration solutions for process cooling and storage systems (commercial/semi-industrial/industrial applications incl. SCADA control solutions)

Manufacturing philosophy and principles

- Clearly defined digital transformation (IoT) roadmap
- Industry 4.0 applications with industrial robots & misc. collaborative robot
- Digitalized shop floor control solution
- Lean manufacturing process
- Continuous improvement process

MANUFACTURING CAPABILITIES

Insulated sandwich panel technology

- Presses for foaming panels with pentane (Kyoto & Montreal protocol compliance)
- Hydraulic open pouring press (unique technology in Middle East)
- Closed injection molding presses
- Vacuum press

Robotic Solutions

- Industrial welding
- Miscellaneous collaborative robotic applications

Diverse facilities

- Cold roll forming for metal sheets up to 0.9mm thickness
- Grit blasting
- Spray painting room

MANUFACTURING COMPETENCE

CNC machine centers:

- Laser cutting (sheet/pipes/tubes)
- Aluminium milling / drilling and cutting
- Wood milling / drilling and cutting
- Bending machine
- Waterjet

CUSTOMER PORTFOLIO

CGS has a customer base exceeding 3000, with the majority being repeat purchasers

- Fleet customers engaged in Poultry, Dairy, and leading Middle Eastern food/beverage manufacturing, boasting a fleet of approximately 6,500 trucks and 2,000 trailers.
- Semi-Government entities like ARAMCO.
- Government entities such as the Ministry of Interior, Health and Defence.
- International customers like ABB, Thales, BAE, Airbus, and Rheinmetall.
- Diverse SMEs.

CGS is a major producer in the Middle East specializing in mobile solutions and shelters, demanding substantial expertise in engineering and material science

DEALERS DISTRIBUTORS

COOL PARTNERS

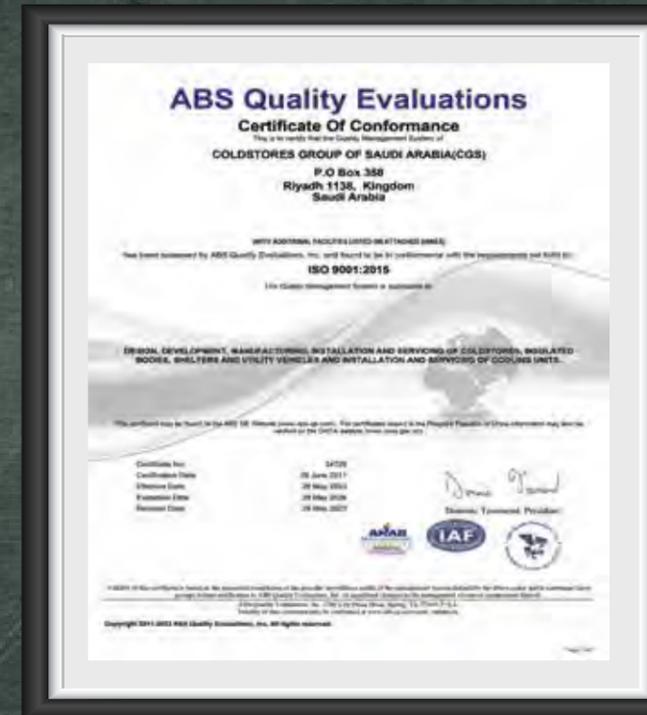

Distributors of Carrier Transicold Cooling Units
since 1978

ANTEO

3 Decades of partnership still going strong

ACCREDITORS & CERTIFICATION

- ARAMCO
- GAMI -General Authority for Military Industry
- SAMI -Saudi Arabia Military Industry
- Tahakom-Saudi Technology and Security Comprehensive Control Co. Ltd.

OUR VISION

Saudi engineering & innovation,
best-in-class total solutions provider in the MENA region

OUR MISSION

Empowering customers to establish quality standards that safeguard and enhance people's health, safety, lifestyle and environment

Health

Safety

Lifestyle

Environment

VALUES

CUSTOMER FOCUS

Customers are at the heart of all that we do; we deliver on our promise and go the extra mile

INTEGRITY

We are steadfast in our commitment to integrity, in all that we do

ACCOUNTABILITY

We show ownership, holding ourselves accountable and taking proactive action

TEAMWORK

We work as one dedicated team bound by mutual respect and trust

CONTINUOUS IMPROVEMENT

We are committed to growing our skillsets and competencies continuously

INFORMED DECISIONS

We make informed decisions based on data and analysis

MANAGEMENT STRUCTURE

Board of Directors

Executive Management Team

Sinan Esmat Al Saady / Chairman - Board of Directors
Marcel Grünenfelder / Vice Chairman - Board of Directors
Albert Grünenfelder / Member - Board of Directors
Eman Fawaz Al-Sayrafi / Member - Board of Directors

Peter Faerber / Group CEO
Ruban Bilen / CFO
Helmi Fayad / GM - Engineering & Production
Feras B. Aljumaa / GM Human Resource

Sami Abdulkarim Al-Zuhaibi / Member - Board of Directors
Fahd Saleh Ali Al-Hathloul / Member - Board of Directors
Raad Al Abdulgader / Member - Board of Directors
Eng. Mohammed Habis / Audit Committee Member

Jalal Alfar / GM Refrigeration
Tom Quinn / GM Sales
Andrew Wilson / Vice President Operations

WHERE CGS TOUCHES YOUR DAILY LIFE

DAIRY INDUSTRY:

Dairy's Road of Unwavering Freshness from Farm to your table: Where Transport and Refrigeration Unite in an Embrace of Pure Love and Dedication helping you to start your day healthy and with all the nutrition you require.

WHERE CGS TOUCHES YOUR DAILY LIFE

POULTRY INDUSTRY:

In the world of poultry, our cold storage solutions are more than just technology; they're like a warm, protective hug for every feathered family member, ensuring their freshness and quality are preserved with love and care

WHERE CGS TOUCHES YOUR DAILY LIFE

LOGISTICS AND 3PL:

In distribution and logistics, transport refrigeration solutions are unsung heroes. With compassion, they preserve products, turning shipments into symbols of trust, connecting communities with certainty

WHERE CGS TOUCHES YOUR DAILY LIFE

DEFENSE SOLUTIONS:

In the Defense and Aviation industry, cold storage and advanced vehicle engineering solutions stand as vital contributors to your safety, ensuring precision and reliability in the most demanding environments

WHERE CGS TOUCHES YOUR DAILY LIFE

HEALTHCARE & PHARMACEUTICAL:

In the realm of pharmaceuticals, warehousing and transport are the guardians of health, ensuring life-saving treatments reach those in need. This partnership isn't just efficient; it's a symphony of compassion, turning transport into lifelines, connecting hearts with healing

AUTOMOTIVE SOLUTIONS

Semi Trailers

Truck & Semi Trailer Bodies:

- Refrigerated
- Curtain Side
- Flatbed

Truck Bodies:

- Dry, Sliding & By Folding
- Shutter & Beverage
- Dual compartment

Van Conversions

Carrier Transicold Cooling Units

Tail lifts

REFRIGERATION SOLUTIONS

Industrial solutions

- Ammonia & CO2
- Processing Plants
- O&G

Semi-Industrial solutions

- Multi Condensing Units
- Freon Rack System
- Water Chillers

Commercial solutions

- Fast Food, Restaurant & Hotel
- Pharmaceutical
- Retail Outlets

CUSTOMIZED SOLUTIONS

Ambulances

Power distribution

- Prefabricated Containers
- Mobile Transformer Trailer

Telecom Solutions

- Rapid deployment vehicles
- Telco Shelters

Defense Solutions

- Torsion free Truck Bodies
- ISO & AMP Shelters
- Mobile vehicle conversions

On and Offshore Containers

Misc. Customized Solutions

- Broadcasting, Workshops,
Mobile Kitchens, ...

AFTER SALES / SERVICE NETWORKS

HOW DO WE SERVE YOU

AFTER SALES

Strategic Parts and Service centers located across the Kingdom offering genuine parts with factory trained technicians

TOTAL PROTECTION PLAN

Total Protection Plan provides complete flexibility, with customized solutions meeting the operator's needs, based on operating conditions

CARRIER CERTIFIED

Our workshops provide full planned maintenance and breakdown service performed by factory trained and qualified technicians

MOBILE SERVICE

Whether you need breakdown support or on site planned maintenance our service team is on hand to get you back on the road as soon as possible (24/7)

Riyadh | Jeddah
Dammam | Bahrain
